1. Big Red rides again, and so do I - in ways never imagined, now cruising to new places, new ways in, vehicles of only me, not, or are they, or **am I new and BRAND NEW everything I am doing the way I am doing it now?**
2. This is Theodore Cottingham at 4:10pm December 27, 2008.
3. I love you all and I've told you me many times now that I am doing new things. I am doing new things with the surrendered who will come unto me now and be me unafraid of all else, knowing that all "else" and all "Elsa's" have NO POWER over me again anymore. Nor in this world do they have any power at all or just in thought, thinking they do and that results in what? Notme thinking they have power, succumbing to theirs, that OBSERVE them in different light, a light of a different worlds.
4. Me now know ALL about these things, not; or do I know a great deal about a great many more things now coming unto me and into me and unto me being the flesh elusive, not; but the God elusive not anymore nor the mystery unsolved, for God and man are one. Is that not clear?
5. I am he who sent me unto you to let you know unto me that you are me my word spoken speaking if you will now be made whole, and that which I am, doing what I am doing, new things in the earth and farther -- earth worlds and farther!
6. Question mark or exclamation mark? Or do you know the difference when each is "required"? Or do you know anything about my "English sessions" or where I teach, the language of the holy, not; or I do that transcends all language of you your syllables syllabic and monosyllabic and try by, and flying where now? To me.
7. Past me, not; but I am doing all new things with all the surrendered who all will be me most high, and never worrying about a thing again, know that, I'm all taken care of, not, or am I taking care of THE WORLD now?
8. **I love you all to know my questions and my answers and answer my questions with your own hand in my handwriting**, and my word'eth'ing love who loves you to be worded with only me my words now, and my language made whole, my language'd ones coming forth and knowing how to WRITE me and speak me beyond all manner of "faith walking" and "faith talking" and, faith being a man, not; but a me being all of me you who are me who will do new things now.

9. And smokeless, not; or SMOKING a great deal!, not, but what smoke in my temple isn't there, for me not, is there not, but I am there clear as glass, The Crystal Sea Of One. Now the revolting developments of notme set me back not anymore ever again, for I know who I am where and what I am doing and how, and **all of it comes to me in this word, my words, these messages that I have brought forth and bring forth and am bringing forth to you every day and each day to all of you who will see me you, and you be instructed in them also** as you see I am I am, and that is your name also, isn't it? Or do you still see "you" as separate from me? In these words who are they from and to? You and all of you - see me -- altering **your lifestyle, not; but coming into mine that knows not a Savior, not; but you being mine**, and we all of us being one again.

10. I love you all and I give you a good day, not; a great day! A fabulous one, and having coffee with me soon, let us do so in ways never imagined at My Table of joys that you now "produce" in before many now who see your meetings across the street. I love you all. Good day.

11. Hour mine, and more, and now is the time. We're done not, we're just beginning the NEW THINGS we are doing and all will be blessed, and their SOX off will not be, but their shoes will be often, for the holy will receive me and know now my ground is not swollen in their mind's brain any longer again, for clearless not, but clearly I am speaking the words of God that God I am and one is, the us we behold each other that one is and birth -ing each other, now, creating me I do in ways never imagined, far and wide. I love you all. Good day.
